## ADVANCED OPEN WATER DIVER

That's what the PADI Advanced Open Water Diver course is all about. You don't have to be "advanced" to take it - it's designed to advance your diving skills, so you can start right after earning your PADI Open Water Diver certification. The course helps build confidence and expand your scuba skills through different Adventure Dives. You try out different specialties while gaining experience under the supervision of your PADI Instructor. You log dives and develop capabilities as you find new ways to have fun scuba diving.

# DIGITAL PAPERWORK

**There are three documents that must be completed prior to the course**

- 10346 Diver Medical Questionnaire
- 10060 Standard Safe Diving Practices Statement of Understanding
- 10072 Liability Release and Assumption of Risk Agreement

These forms are sent out with your eLearning and are accessed via your digital forms online. If you have any issues accessing it, please contact us.

## DIVE MEDICAL - DO I NEED ONE?

Please work through the dive medical questionnaire carefully to determine whether you will require a dive medical or not as soon as possible. Any positive responses to the questions will require you to obtain a dive medical. If you require a dive medical, you will need to book an appointment with a dive doctor or GP before the start of the course. Please contact us for further information.

**If you are aged over 40 a dive medical is highly recommended**

## PRACTICAL TRAINING

### Saturday

Meet at **Eaglehawk Dive Centre** for a **9.00 am** briefing. We will then make our way to **Fortescue Bay** for the following adventure dives:

- Peak Performance Buoyancy
- Underwater Navigation
- Night

### Sunday

We conduct the final two adventure dives off Eaglehawk Dive Centre's vessel:

- Deep Dive (30m)
- Boat Dive (weather permitting: Cathedral Caves)

# ACCOMMODATION

Please note:

We **do not** include accommodation as part of the course. Eaglehawk Dive Centre offers budget dorm accommodation from \$30/night which would need to be organised directly with them.

There is also the Lufra Hotel & other accommodation options available on the Tasman Peninsula.

# CONTINUING EDUCATION

## WHAT WILL YOUR NEXT DIVE ADVENTURE BE?

There's a long list of scuba specialty dives to try. Do you want to go even deeper than 30 meters? Then the **Deep Dive Specialty Course** could be the right choice for you where you will go as deep as 40 meters and explore some of Tasmania's most spectacular dive sites.

Or do you want to learn more about how to deal with dive emergencies, look beyond yourself and consider the safety of other divers?

The **PADI Rescue Diver Course** will teach you exactly that through rescue training exercises and open water scenarios that help you how to recognize diver emergencies.

Or do you want less decompression time and the ability to stay longer at a given depth? Then become a **PADI Enriched Air Nitrox Diver!**

Check out our website for more information and to see which courses we offer, visit [tasdivers.com.au/dive-courses](http://tasdivers.com.au/dive-courses)

# EXPERIENCE THE JOY OF DIVE TRAVEL

Tasmanian Divers are in partnership with Dive Adventures to organise overseas and domestic dive holidays for our customers.

## Why travel with us?

Our group travel allows us to negotiate discounted rates at resorts and on liveboards for our loyal customers, with multiple trips organised each year. We also have a tour leader on every trip that provides a point of contact with Dive Adventures and can address and logistical concerns on the trip as they may occur. Go back in time and explore wrecks from WWII, immerse yourself in nature diving spectacular tropical reefs, and escape reality on one of our holidays!

Ask us about our upcoming trips and have a look on our website!
