DEEP DIVER

EXPLORE THE LURE OF THE DEEP

PADI DEEP DIVER COURSE \$649

The lure of the deep. There's something exciting and mysterious about exploring deeper dive sites while scuba diving. Sometimes it's a wreck that attracts you below 18 metres/60 feet, and on wall dives it may be a giant fan or sponge. Whatever it is, to scuba dive with confidence at depths down to 40 metres/130 feet, you should take the PADI Deep Diver Specialty course.

If you've earned the PADI Deep Adventure Diver rating or higher, and you're at least 15 years old, you can enroll in the Deep Diver course.

WHAT YOU NEED TO KNOW

Course structure, equipment requirements, digital paperwork and continuing education.

DIGITAL PAPERWORK

There are three documents that must be completed prior to the course

- 10346 Diver Medical Questionnaire
- 10060 Standard Safe Diving Practices Statement of Understanding
- 10072 Liability Release and Assumption of Risk Agreement

These forms are sent out with your eLearning and are accessed via your digital forms online. If you have any issues accessing it, please contact us.

DIVE MEDICAL - DO I NEED ONE?

Please work through the dive medical questionnaire carefully to determine whether you will require a dive medical or not as soon as possible. Any positive responses to the questions will require you to obtain a dive medical. If you require a dive medical, you will need to book an appointment with a dive doctor or GP before the start of the course. Please contact us for further information.

If you are aged over 40 a dive medical is highly recommended

CONTINUING EDUCATION

WHAT WILL YOUR NEXT DIVE ADVENTURE BE?

There's a long list of scuba specialty dives to try. Now that you are certified to go to 40 meters the **PADI Sidemount Course** could be your next choice. With two dive cylinders you will have more air to stay longer at your favorite dive spot.

This combined with the **PADI Enriched Air Nitrox Diver** will give you less decompression time and the ability to stay longer at a given depth.

Or do you want to learn more about how to deal with dive emergencies, look beyond yourself and consider the safety of other divers?

The **PADI Rescue Diver Course** will teach you exactly that through rescue training exercises and open water scenarios that help you how to recognize diver emergencies.

Check out our website for more information and to see which courses we offer, visit tasdivers.com.au/dive-courses

DIVE TRAVEL

EXPERIENCE THE JOY OF DIVE TRAVEL

Tasmanian Divers are in partnership with Dive Adventures and Always Dive to organise overseas and domestic dive holidays for our customers.

Why travel with us?

Our group travel allows us to negotiate discounted rates at resorts and on liveboards for our loyal customers, with multiple trips organised each year.

We also have a tour leader on every trip that provides a point of contact and can address logistical concerns on the trip as they may occur.

Go back in time and explore wrecks from WWII, immerse yourself in nature, diving spectacular tropical reefs, and escape reality on one of our holidays!

Ask us about our upcoming trips!
